*Sales & Marketing Council Annual  
Sponsorship Program*

The Sales and Marketing Council of the Peninsula Housing & Builders Association was created to provide education, professional support and recognition for the new home sales experts and builders who promote the housing industry.

SMC is a committed group who generously devote their time and efforts to developing ideas that will benefit not only the members of PHBA, but also the housing needs of our community. Your financial support is needed, as the SMC is a not-for-profit organization. Please support the team that has come together in the interest of good will, and creating a higher professional standard for those in our industry. SMC is host for social and educational occasions throughout the year. These provide the opportunity to interact and network with contemporaries in an enjoyable setting.

The Annual Awards gala is hosted each year to celebrate and recognize those communities and sales professionals who have made a difference in our industry during the past year. SMC has a reputation of being the leader of education nationally for new home sales specialist. Certified Site Professional (CSP) is a designation recognized across the country as being held only by the best in their field.
